**ADVENTURES IN HEALTHCARE EXCELLENCE!**

AS I WAS SAYING,  
AGENTS, **YOU 3** WERE  
TOP OF YOUR CLASS.

FOR THAT REASON,  
DIRECTOR DART HAS  
ASSIGNED YOU TO  
**MAJOR METRO HOSPITAL.**

**MMH HAS UPGRADED TO A 5G  
NETWORK BUT, FOR COST REASONS,  
HAS KEPT SOME EXISTING HARDWARE.  
IN HOSPITALS, PEOPLE'S HEALTH AND  
EVEN THEIR VERY LIVES DEPEND ON  
NETWORK EXCELLENCE.**

**YOU, NANO!**  
SCAN THE OPERATING  
THEATER APP. REPORT ANY  
METADATA ANOMALIES OR  
ISSUES TO DIRECTOR DART  
IMMEDIATELY. IF THERE  
ARE PROBLEMS,  
WE WANT A FIX, FAST.

**YOU TWO!  
JIFFY AND STREAK!**  
CRUISE THE ENTIRE  
NETWORK. BE ON THE  
LOOKOUT FOR SLUGGISH,  
OUT-OF-ORDER PACKETS OR  
ANYTHING ELSE THAT MIGHT  
HAMPER PERFORMANCE,  
RELIABILITY, OR  
**DATA SECURITY.**

**TO YOUR STATIONS!  
GOOD HUNTING!**

**JIFFY AND STREAK ENTER A DATA STREAM...**

**OW!**  
ALL THIS DATA!  
MILES HIGH AND  
MILES LONG!

HOW DOES  
ANYONE MAKE  
HEADS OR TAILS  
OF IT?

THEY DON'T,  
EINSTEIN! THAT'S  
**OUR JOB.**  
REMEMBER?

WE'RE THE  
**NETWORK  
INTELLIGENCE  
AGENTS!**

WE CAN HANDLE  
**ALL OF IT!**

**...NANO ASSESSES OPERATING ROOM DATA**

HMMM...

**...AT MMH A PATIENT'S LIFE  
HANGS IN THE BALANCE.**

THAT DOESN'T LOOK RIGHT.

GOOD CATCH. LET'S CHECK IT OUT!

GOT SOMETHING!

WHAT IS IT?

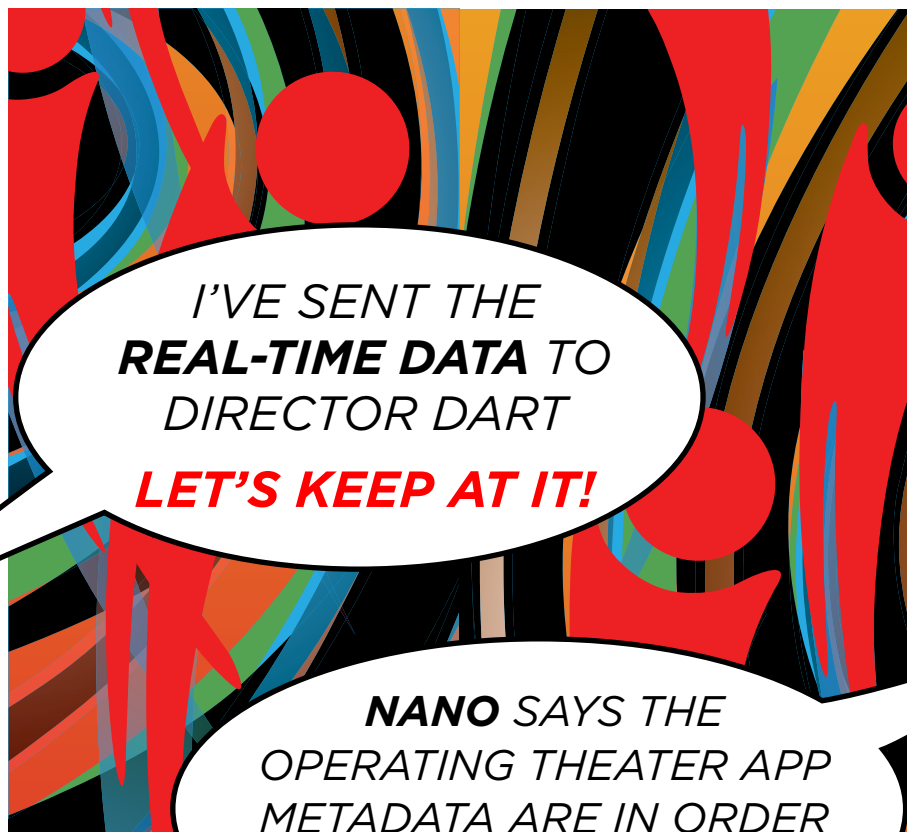

AN ANOMALY IN THE DATA, PROFESSOR!

WE ARE DROPPING PACKETS AND SEEING EXCESSIVE LATENCY.

**FOUND IN REAL TIME!**

I'VE SENT THE REAL-TIME DATA TO DIRECTOR DART LET'S KEEP AT IT!

NANO SAYS THE OPERATING THEATER APP METADATA ARE IN ORDER BUT THE SCREENS ARE FUZZY.

**NOW WHAT?**

**NOT GOOD DURING SURGERY!**

**PROBLEM RESOLVED!**

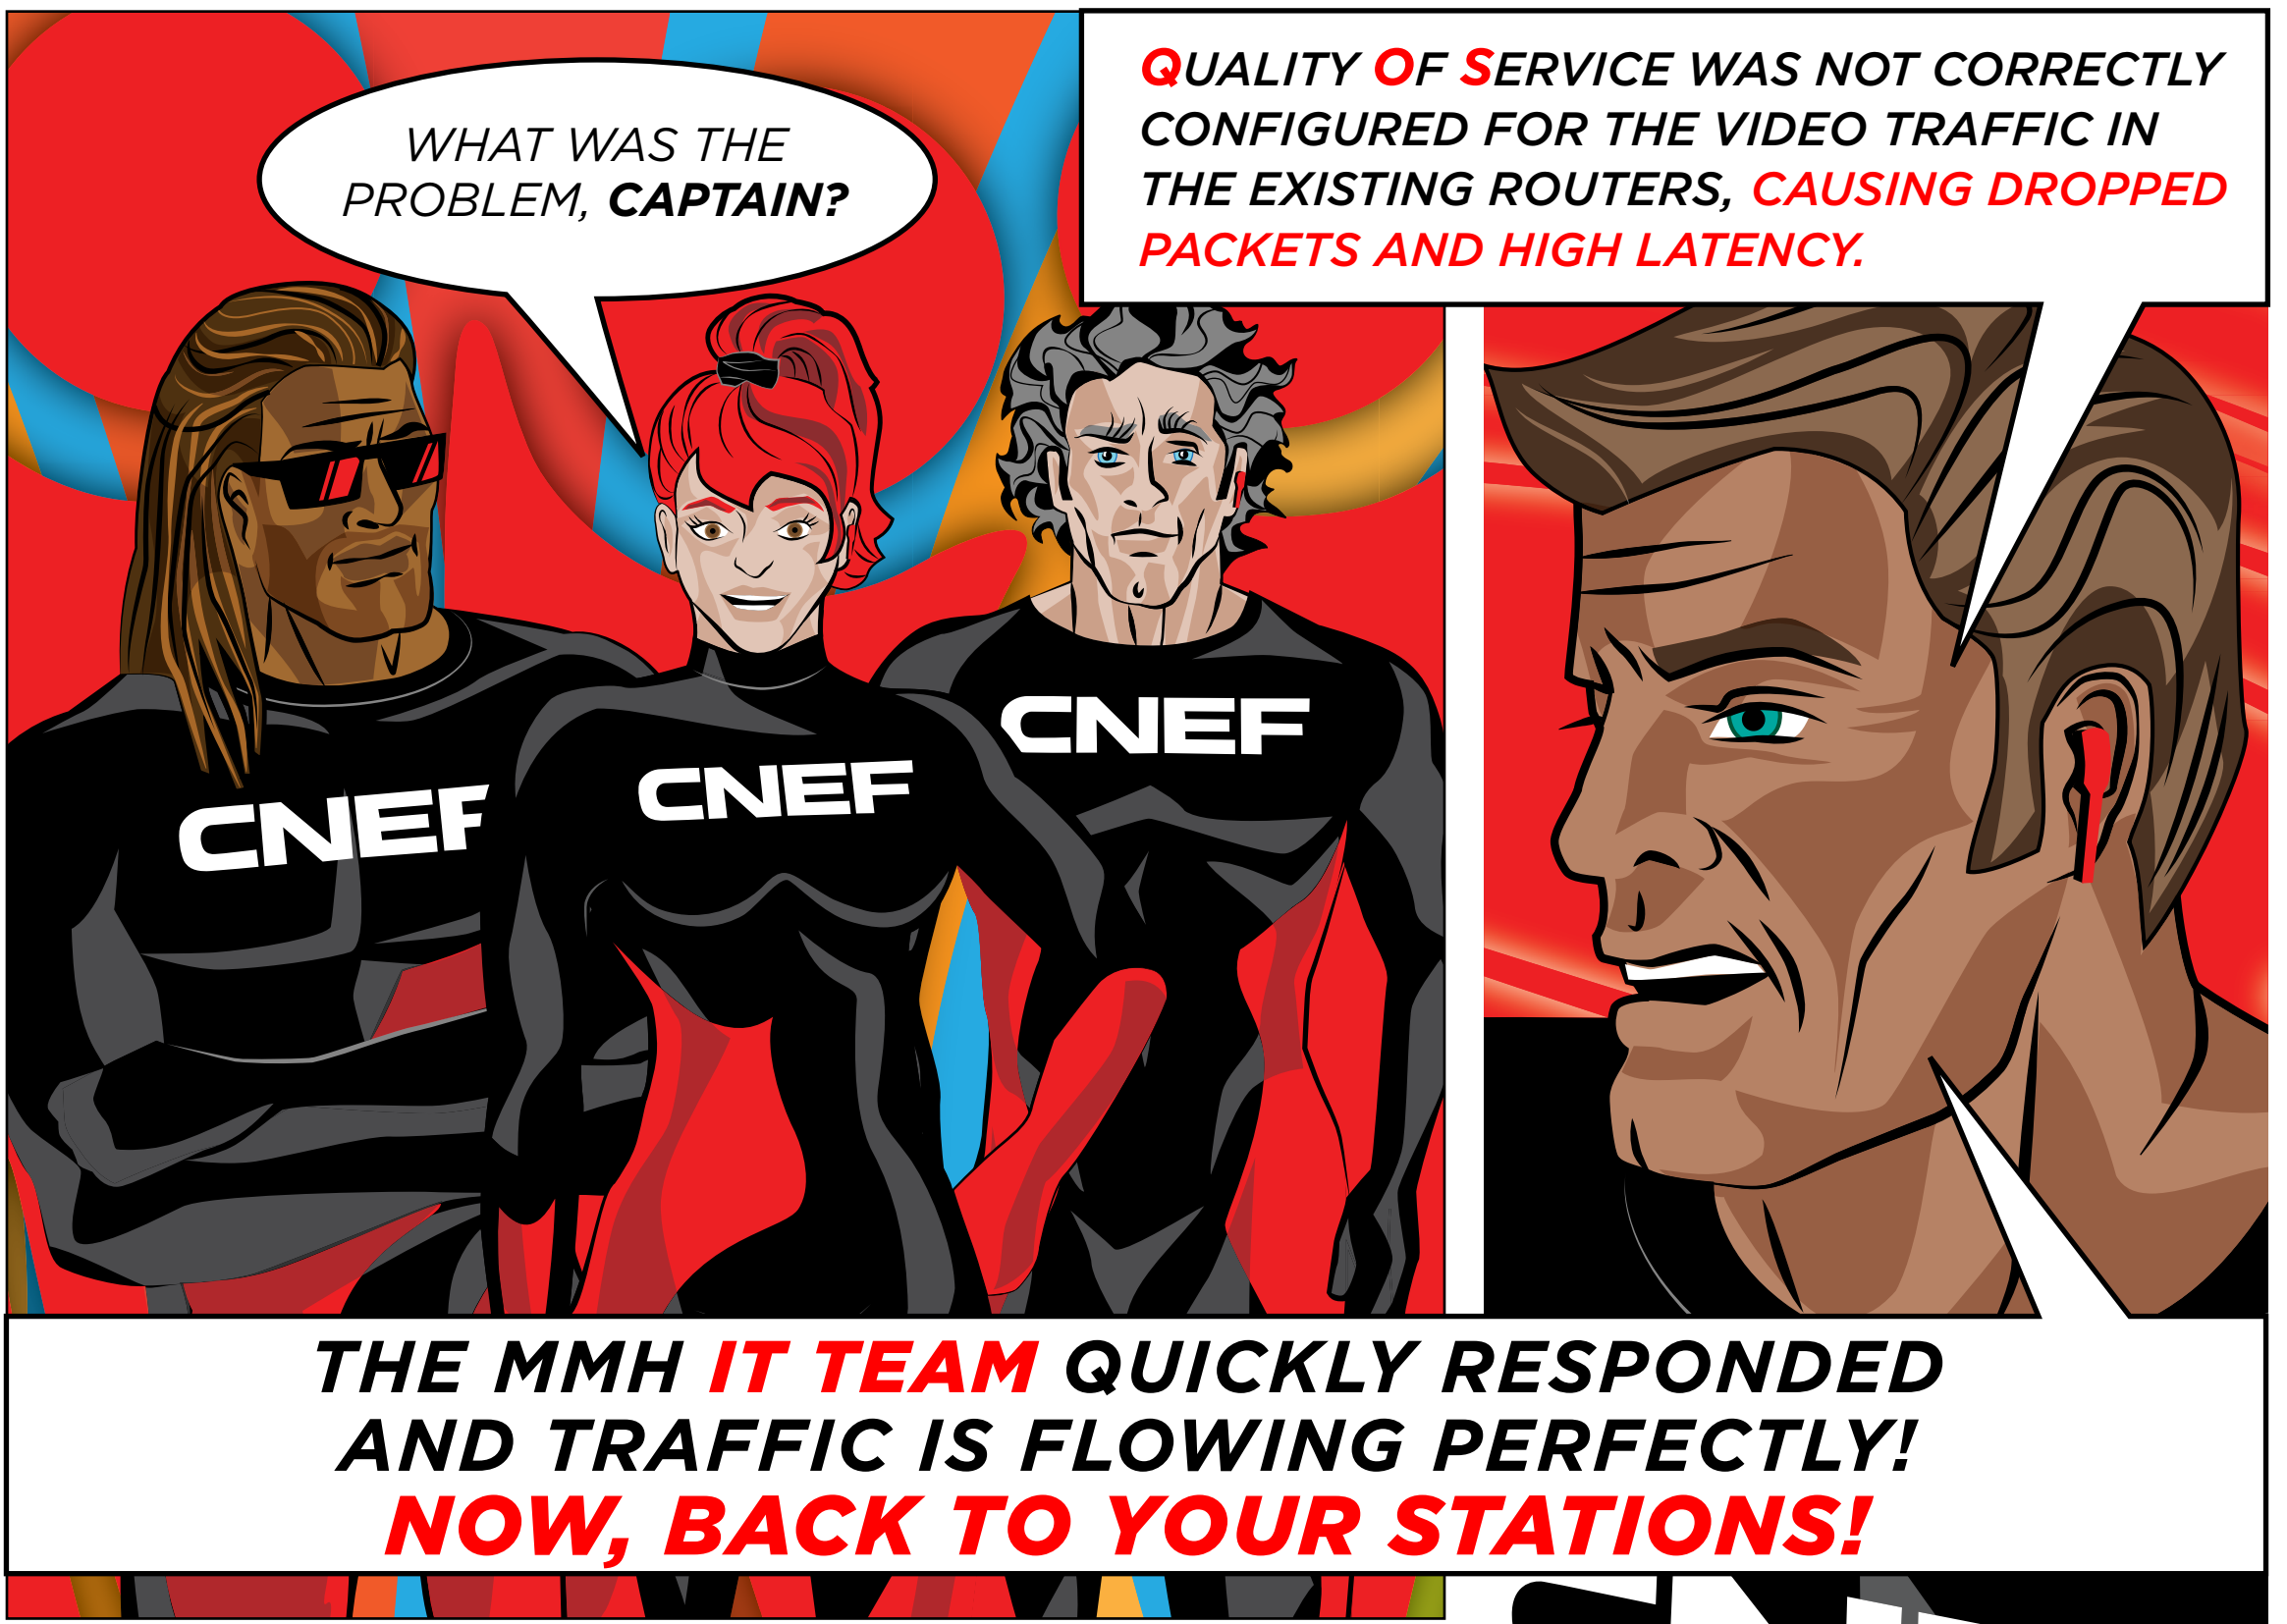

NANO SAYS THE SCREENS  
LOOK SHARP AND CLEAR AGAIN.  
**LET'S REPORT BACK TO  
CAPTAIN CIRRIES FOR  
ANOTHER SITREP.**

WELL DONE,  
AGENTS,  
**ALL OF YOU!**

**YOUR DILIGENCE HELPED DIRECTOR DART  
FIND THE NETWORK PROBLEM JUST MINUTES AFTER IT STARTED.  
MMH HAS IMPLEMENTED A SOLUTION  
AND ALL IS BACK TO NORMAL.  
THE OPERATION RESUMED AND WENT SMOOTHLY.**

WHAT WAS THE PROBLEM, CAPTAIN?

**QUALITY OF SERVICE WAS NOT CORRECTLY CONFIGURED FOR THE VIDEO TRAFFIC IN THE EXISTING ROUTERS, CAUSING DROPPED PACKETS AND HIGH LATENCY.**

**THE MMH IT TEAM QUICKLY RESPONDED AND TRAFFIC IS FLOWING PERFECTLY! NOW, BACK TO YOUR STATIONS!**

Zzzzz...

BITS AND BYTES.  
BYTES AND BITS.  
SAME OLD. SAME OLD.  
AND WAY TOO MUCH OF IT.  
BOORING...

...UH OH.  
WHAT'S **THAT?**

STAY VIGILANT!

**OUR WORK IS NEVER DONE...**

WHAT'S WHAT?

THAT BIG UGLY MASS HEADED OUR WAY!  
**THAT'S WHAT!**

**C'MON, STREAK. LET'S CHECK IT OUT!**

**FOLLOW *JIFFY*  
*NANO*  
AND *STREAK*  
ON THEIR  
FURTHER  
ADVENTURES  
IN NETWORK  
EXCELLENCE.**
